## Páramo Directional Clothing Roadshow Event

Páramo outdoor clothing is renowned among outdoor professionals and enthusiasts. Unique fabrics provide exceptional performance, keeping the weather out while removing perspiration more effectively than any other waterproofs – while being quiet and soft to wear.

Páramo regularly wins awards and accolades – voted the **Best Overall Walking Brand** by **walk** magazine readers.

Plus Páramo is ethical – manufactured by the charitable Miquelina Foundation in Colombia, South America, Páramo was the only clothing company named a *Best Buy* by **Ethical Consumer** magazine in their review of outdoor gear.

Our Roadshow Event gives you the chance...

- to see, try and buy from our award-winning range including waterproofs, baselayers, insulating overlayers and cool Trek & Travel clothing;
- to find special editions that can't be found in retailers;
- to meet the Páramo team and get advice and info on what Páramo would suit you and your activities best.

All welcome!

Do you have an old Páramo Analogy garment that is ready to replace? Bring it along, we'll recycle it and you'll receive a £50 discount on a new full price garment.
